Rental Beast - Apply Now

The First, Largest, & Most Accurate Database Of National Rental Listings

Rental Beast offers real estate professionals the only fully-integrated, rental software platform designed to optimize every step of a rental transaction—from lead-to-lease. Your members will be able to showcase more rental listings than ever to their clients, and provide an easy rental application process through their OneHome app.

Apply Now - Find and Screen Quality Tenants Fast
A mobile-friendly, easy-to-use application and tenant screening tool that streamlines the process for your members, whether they're working with property managers, managers, or tenants.

Quick and easy to use
The Apply Now feature integrated into the OneHome app gives real estate professionals the tools to efficiently process rental applications online and find quality tenants.

Generate reports within minutes
through TransUnion®. The landlord or property manager will receive:
- Credit report
- Eviction report
- Criminal background information (where available)

Safe and FCRA-compliant
Apply Now keeps the tenant information secure and your members notified every step of the way.

Happy satisfied renters
the application is fast, easy to use, and mobile-friendly, plus the renter receives a full copy of the report and it can be reused on any application for up to 30 days.

Exclusive recommended rental software provider
by the National Association of REALTORS® & integrated directly through the Cotality Matrix platform into OneHome for your members to streamline the posting, promoting, & processing of an ever-expanding rental market share, as well as streamline the renter experience for their clients.
